

## JubiLeader Life Preparatory Program

As a Jubileader, students will be assigned a Student Success Mentor, (Dr. Gaynell Juarez, GEAR UP Site Coordinator), that will guide them through our Life Preparatory Program. The Student Success Mentor will assist their students with developing the skills and character necessary to prepare them for post-secondary education and career opportunities. JubiLeaders mentors will motivate and educate their students to act with understanding and purpose by demonstrating the DDVs to their school and community as well as supporting them with meeting their high school graduation requirements, TSI preparation, qualifications for the dual credit program, college entrance exams, and participation in community service that will build a portfolio for college applications. Student Success Mentors will also prepare their students to speak to corporate executives in their junior and senior years about the Determined Destiny Values of Leadership, Character, and Excellence with the goal of receiving college scholarships and aid in the search for paid internships in their field of interest.

The Jubileaders students will help in the transition of our incoming military-connected students. They will:

- welcome them when they arrive on campus
- walk with them to class
- sit with them at lunch
- and show them around campus
- introduce them to the principals, counselors, front office staff, etc,

# WELCOME TO KINGSVILLE!

## Information about Kingsville

Founded in 1904, Kingsville's development as a thriving community was thanks in large part to massive efforts made by Robert J. Kleberg and Henrietta King of the world-famous King Ranch. Seeking to foster community and economic development in the untamed "Wild Horse Desert", Mrs. King donated acres of land which became the site of a railroad hub and later, the site of present-day Kingsville. The ranch's support and influence have left an indelible mark on the city's growth and culture that continues to this day.

Kingsville is blessed with a unique and authentic heritage: Wild Horse Desert, Spanish and later Mexican land grants, Vaquero culture, great ranch builders, railroad builders, town builders, homesteaders, oil and gas, the earliest South Texas post-secondary education, Navy flight training, and more
